

RICHARD•STERLING

DOCTOR OF OPTOMETRY

Our Holiday Gift to You

Dear Patient:

Thank you for being such a wonderful patient and for referring your friends and family to us throughout the year. Over this past year we have seen and experienced many of the economic downturns that are being published in the media. We have spoken with many of you about how this has affected your lives.

In appreciation of this, our office would like to give you a free eyeglass frame with the purchase of lenses (from our selection of specialty frames) or 30% off a pair of glasses or 20% off contact lenses (minimum 1 year supply)*. If you always wanted to buy that spare pair of reading glasses, sports glasses, prescription sunglasses, now is the time! Just call our office or stop in, we would be glad to help you pick something out. Don't forget that if you have a flexible spending account or a health savings account that money can be used for eye care or eyewear.

Over the past few months we have changed our computer software and in the transition our recall system has been altered. You may be ready for a yearly exam, so please call our office and schedule your eye health checkup.

Sincerely,
The Staff

(*Not to be combined with any vision insurance benefits or prior purchases)

P.S. Ask us about some of the latest in contact lens wear, including the one day disposables and the newest in hybrid contacts that combine the quality of vision in a hard lens with the comfort of soft contacts.
